SUNDAY 3 p.m. Games Room

2011 EVENTS BRAINSTORMING SESSION

Last year we had a great summer full of events - let's do it again! Meet with Mike to launch your ideas for this season and see if they fly! All welcome!

!!

Any changes? ..new car?...new boat?...new son-in-law?

The Office copy of your contract must be filled out with the names of your family and signed. If you paid by mailed cheque, please come to the Office to finish your registration.

Schedule A of your contract is your guide to keeping The Hammock attractive and welcoming. It can answer your questions about guests, parking, garbage, pets, quiet times, etc. Please refer to it if you need information.

Site changes to be approved by management include decks, docks, firepots, and trees. A diagram of your proposal for changes to your site is required; it will make it easier for us to see your intentions and for you to obtain the necessary approval. Please bring your plan to the Office

<><><><><><><><><><><><><><><><><><><><>

The **PERCH FESTIVAL** was a big success at The Hammock this spring, with our campers catching 7 tagged perch worth $500. each, and Calvin Pitts winning the big draw prize of a boat, motor, and trailer. Congratulations to all!

There is **NO FISHING IN THE CANALS** now until bass season opens on the last Saturday of June. You can register your catch of pickerel and pike now at the Office.

This is the second issue of the HIGHLIGHTS this season.. If you missed the first one, we have extra copies at the Office.

+++

Signs of a bear were seen by the dumpsters this morning. It's probably wise to dump your garbage and recycling during daylight hours. If approaching in the evening, make noise enough so that your arrival doesn't startle a wild animal.

****

BOATS belong in the water or in the boat storage area. Please make sure that you have a tag on your trailer and that it is legible. Boats are not to be left on your sites - please move them to the appropriate area this weekend.

CAMPERS HELPING DISABLED CAMPERS

SPRING INTO SUMMER DRAW!!!
